

Take your team on a Passport to Adventure!

This 2-hour program is designed to maximize the need for cooperation, strategy, and teambuilding while of course having fun at SeaWorld!

Your group will be divided into equal teams and given a book of 'missions' to complete throughout SeaWorld. Team members will 'have' to find flamingoes, ride Manta, pose with a dolphin and more. It is a fast-paced way to see some of the highlights of SeaWorld while creating team unity.

Teams document their accomplishments with cameras we provide and create their own Passport to Adventure souvenir book. At the end of the program, our judges announce a winning team that receive official bragging rights.
